Overview and features

overview

The premium glossy finish, sharp details, and rich, intense color of HP Premium Plus Photo Paper are so impressive that in a study conducted by SpencerLab Digital Color Laboratory, a premier consulting firm specializing in digital imaging technology, customers in the United States, Europe and Japan judged the overall print quality of HP Premium Plus Photos Paper to be better than rationally processed digital photos. In fact, HP Premium Plus Photo Paper delivers everything you expect from traditional photo processing and more, including superior fade resistance. You get it all - the convenience, control and creativity of digital with the confidence that your photos will be bright, beautiful and full of detail for generations. Now available in borderless sizes for spectacular edge-to-edge photos!

features

- Superior fade resistance for long-lasting photos
- Studio-quality, high-gloss finish
- Glossy, vibrant color for stunning photos
- Studio-grade weight and thickness
- White and bright for superb contrast
